## ***DSI SAFETY INC. KNOWN AS DYNAMIC SAFETY INTERNATIONAL IS A CANADIAN OWNED AND OPERATED COMPANY.***

### **CANADIAN**

DSI Safety Inc. known as Dynamic Safety International is a Canadian owned and operated company.

We are trying to manufacture as much of our product offering here in Canada, in order to create jobs.

In eye and face protection, we will also manufacture in Canada a substantial amount of our offering as compared to most of our competitors. In the future this portion will grow substantially creating more "Made in Canada" products and create more jobs.

### **PRODUCT OFFERING**

We have a very complete product line just like our head protection offering. We offer a wide variety of solutions with various styles of products to meet almost every situation or application.

The Dynamic Eye & Face Protection line consists of:

High end stylish and comfortable spectacles with 4A coating as well as high quality low priced spectacles creating an eyewear offering to meet everyone's needs.

A full line of safety goggles for all applications. A full line of accessories, along with lens cleaning stations and lens cleaning products.

Canadian made faceshield head gears, brackets and our exclusive "Cap Lock" system along with a full line of flat and formed face shields in all sizes and materials and a complete line of Canadian made welders helmets and accessories.

### **CSA**

Dynamic products are CSA certified by CSA Canada when there is a certification available. Products with the CSA logo

offer added quality control and the support of CSA Canada.

### **OUR GOAL**

No compromise on quality! We will sell only first quality products. We will offer the best service levels in the industry. We will be competitively priced. We will offer only CSA certified products by CSA Canada to our customers whenever possible. We will do our best to answer all of the needs of Canadian workers in regards to eye and face protection. We will do our best to manufacture more and more of our product offering in Canada in order to create more Canadian jobs.

Always remember: at Dynamic our mission is to concentrate on Comfort, Fit, Reliability and Safety so you can focus 100% on your work.

## 4A and 3A Lens Coatings

There are many different lens coatings to choose from in the marketplace. We hope this section will give you a good overview of the coatings available and what they can offer you. Some are better for certain kinds of applications; we recommend you take into account your overall vision requirements when selecting a lens coating.

Most of Dynamic's protective eyewear is treated with either a 3A multicoating, Anti-Scratch, Anti-UV and Anti-Static or 4A multicoating, Anti-Scratch, Anti-UV, Anti-Static and Anti-Fog. Such coatings will provide most workers with proper coating for their protective eyewear.

### DYNAMIC 4A COATING

A permanently bonded coating that offers excellent anti-fog, antiscratch, anti-static and anti-UV properties.

 4A  
REVÊTEMENT  
COATING

**Anti-Fog:** Resists fogging and improves vision in humid environments

**Anti-Scratch:** Extends lens life in abrasive environments

**Anti-UV:** Absorbs more than 99.9% of harmful ultraviolet radiation

**Anti-Static:** Reduces dust and particulate attraction

### DYNAMIC 3A COATING

A permanently bonded hardcoat that reduces surface lens scratching. The Dynamic 3A coating will extend the life of the lens.

 3A  
REVÊTEMENT  
COATING

**Anti-Scratch:** Extends lens life in abrasive environments

**Anti-UV:** Absorbs more than 99.9% of harmful ultraviolet radiation

**Anti-Static:** Reduces dust and particulate attraction
